ABOUT US

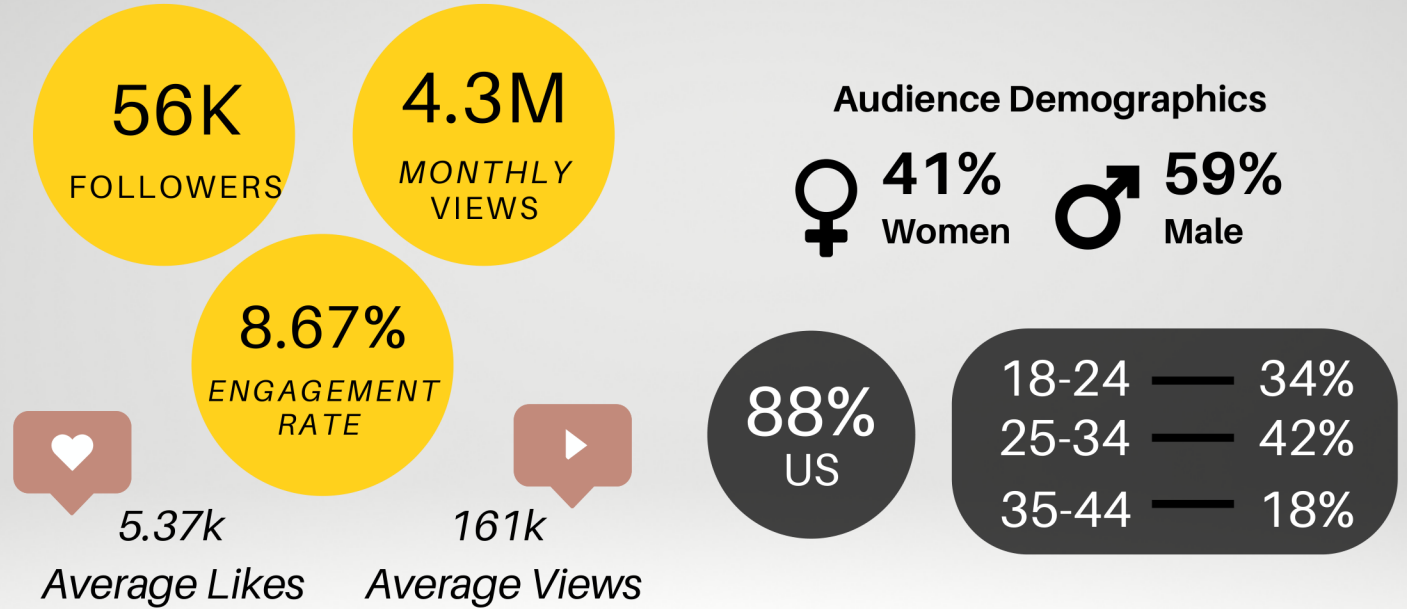

We create authentic content that our followers can relate to. Frequent themes include: marriage, relationship, date nights, parenting a teen, wellness, food & drink, travel, hiking, fashion, and general lifestyle.

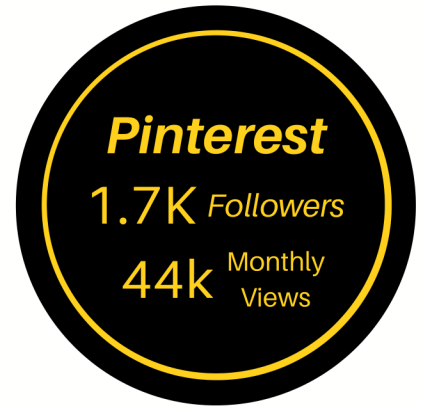

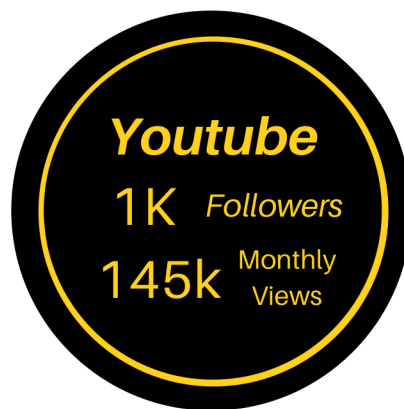

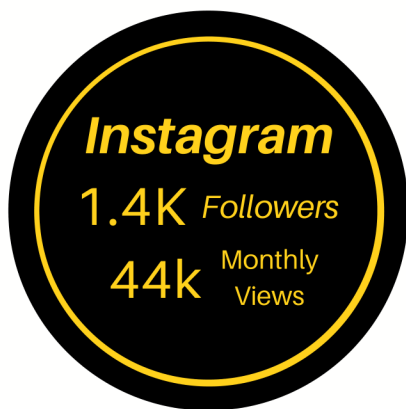

STATISTICS

MAIN PLATFORM

TikTok

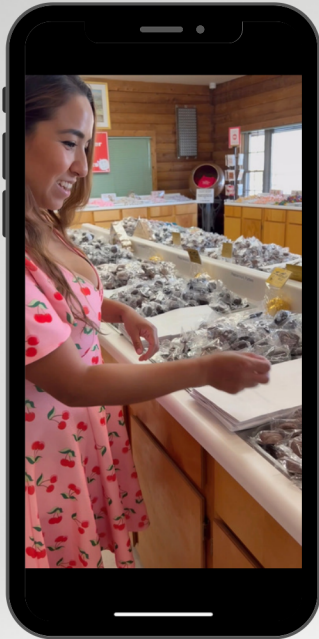

TikTok is our primary platform, but our following on other platforms is growing quickly. Our audience is loyal and highly engaged with our content because we have worked to build a trusting relationship with them. We love featuring brands that are aligned with us and our audience's interests.
